WHO WE ARE

Ellel Ministries is a non-denominational Christian ministry that began in England in 1986. It is now established in over 30 countries around the world. It exists to bring God's healing love to those who are struggling with life's issues, and to provide extensive training for those seeking to minister effectively to others.

Many in the church feel that there is no real answer to the problems they face on a daily basis - such as fear, anxiety, addictions, anger outbursts, long-term consequences of trauma or abuse and relationship dysfunction.

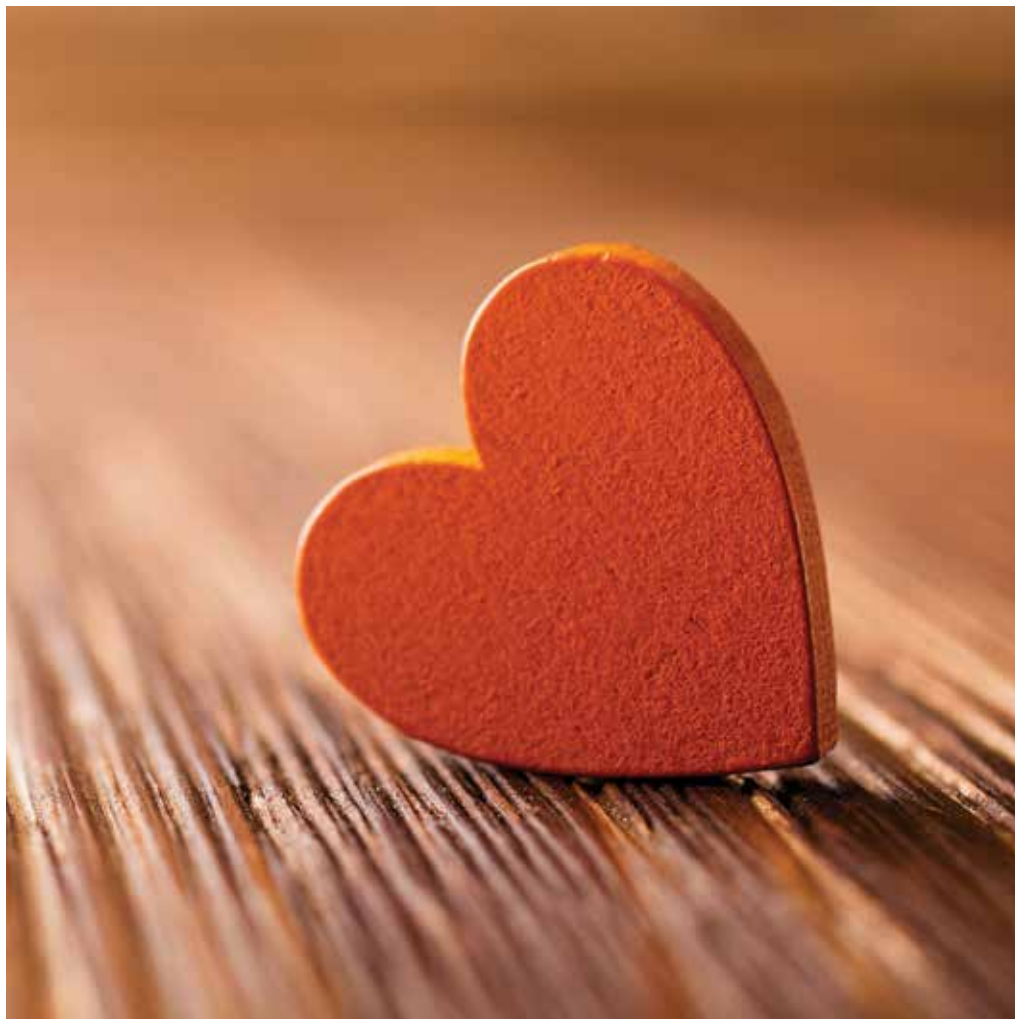

Ellel Ministries is committed to both healing and discipleship, recognising that these are two sides of the same coin. God is in the business of restoring His people and equipping them to fulfill their destiny as true disciples of Jesus. For over 30 years Ellel Ministries International has had the great privilege of seeing God transform thousands of lives around the world.

"The Spirit of the Sovereign Lord is on me, because the Lord has anointed me to proclaim good news to the poor. He has sent me to bind up the brokenhearted, to proclaim freedom for the captives and release from darkness for the prisoners." Isaiah 61:1

BRINGING THE HEART OF GOD TO THE HEART OF MAN

Scripture tells us that God IS Love - so this is the very core of God's heart - **LOVE**.

It is love that motivated God to create mankind in the first place. He made us in His image and likeness so that He could love us and have a loving relationship with us.

So when man chose to rebel against his creator, God's heart was broken. The darkness of sin had cast a shadow over man's heart and unless God did something, the relationship could never be the same again. Man was no longer pure and Jesus told us that it is the *pure in heart* who shall be blessed by seeing God (Matthew 5:8).

Blessed are the pure in heart,
for they will see God.

So man had a problem which only God could solve. That's why we read in John 3:16 that God loved us so much that He sent His Son to die for our sins, so that our hearts could be washed clean and this most precious of relationships could be restored for time and then eternity. This is the essence of salvation - the restoration of a love relationship between God and His creation.

But the word salvation also means healing. And it is the loving heart of God that not only desires to save mankind from the consequences of his own sin, but to see people's lives healed and restored as well.

Jesus began His ministry with a message of repentance (Matthew 4:17) **From that time**

on Jesus began to preach, "Repent, for the kingdom of heaven has come near", and He followed this up with a ministry of healing and deliverance. He was fulfilling the prophecy of Isaiah 61:1 by healing the broken-hearted and setting the captives free. Healing is the visible sign of God's loving heart. Evangelism is the proclamation of the Gospel - and healing is the restoration of God's order in a person's life.

Healing and evangelism are inseparable. Both salvation and healing are in the heart of God.

So when we teach the wonderful truths of the Gospel - we are bringing the heart of God to the heart of man. And equally, when we minister healing in Jesus's name we are also bringing the heart of God to the heart of man.

Almost every day we hear testimonies from people whose lives have been transformed. They have not only known salvation from their sin, but they have also been touched by a loving God who has healed their broken hearts and also set them free from the work of the evil one. A lady on a recent course went home rejoicing - for the first time in twenty years she was able to sit without pain! God's love had reached and healed both her broken heart and her broken body. ■

RESTORATION THROUGH JESUS CHRIST

What comes to mind when you hear the word **restoration**?

Perhaps it's the old motorbike that needs a new carburettor, a wall that needs re-painting or what about those special antique things we want to fix up? Even in the Bible, the idea of restoring something seems to be a big part of God's heart for His people.

In Isaiah 61:7 God says, *"Instead of your shame you shall have double honour, And instead of confusion they shall rejoice in their portion. Therefore in their land they shall possess double; Everlasting joy shall be theirs."*

What wonderful promises! In John 8 we see God's heart for restoration coming through Jesus when the religious leaders bring a woman caught in adultery. Jesus makes no distinction between her sin and that of those surrounding. He offers her dignity by crouching down, not looking at her to shame her, and after asking everyone else to prove their sinless-ness, tells her to go on her way and leave her life of sin.

In front of all those religious leaders, she'd been restored and given an opportunity to start again! If we need any more convincing, then the antithesis of Jesus dying on a cross to give us life shows how far the Father will go to bring about His restoration for mankind.

God doesn't want us to have shame, confusion or sadness. And He doesn't want us to live without His great love for us, as shown in Jesus. God wants to restore us and restore to us *'all the years the locusts have eaten'* (Joel 2:25). Hallelujah!

With this in mind I'd like to share something that recently happened at Christmas. My husband and I own a car and it had been getting damp on the floor on the passenger side. We thought there was a hole under the car. We weren't too concerned and decided to put-off fixing it until after our Christmas-time travels (do you have any alarm bells ringing?!). Although the car began to smell damp, we knew it would be easily fixed once aired and of course sealed from the bottom. We continued to drive around and enjoy our holiday!

It wasn't until our mechanic friend, who is also an RAC Man, offered to have a quick look that we discovered the problem was slightly bigger and requiring an immediate fix...the car's heating matrix was not working as one of the pipes had eroded and the water from the radiator was leaking into the car - if left the engine would stop! It was a bit more serious than we thought!

This situation really spoke to me and I wondered to myself, "can we be like this in our walk with God?" Perhaps with our own small 'hole under the carpet' that we'll fix when we'll get around to it? But in fact it needs thorough attention!

Coming back to the word restoration, by definition it means: to restore something back to its original condition. We were originally intended to have relationship with God (we see this in Genesis with Adam and Eve before the fall), and originally, God was pleased with us, saying about His creation that we are *"Very good"*

(Genesis 1:31), Then the truth is at our very core, we are totally acceptable to God!

I believe God wants to restore back to us this first love of relationship with Him, that we might walk in the cool of the garden with Him as Adam and Eve did in Genesis. It might be that rejection or fears or emotional exhaustion are holding us back from entering into this. Whatever it is, let's be encouraged with the truth that when we humble ourselves, seek Him and repent He will forgive us and heal our land (2 Chronicles 7:14). So if we need understanding about how we can be restored, as in Proverbs 15:21 it says *'a man of understanding walks uprightly'*, or if we need

freedom, Jesus said *"you shall know the truth and the truth shall set you free"*. Then ultimately for us to receive restoration, just like my husband and me with our RAC friend, we have to ask God! ■

TESTIMONY

REVELATION 12:11

AND THEY HAVE CONQUERED HIM BY THE BLOOD OF THE LAMB AND BY THE WORD OF THEIR TESTIMONY, FOR THEY LOVED NOT THEIR LIVES EVEN UNTO DEATH.

The vision for Ellet Pierrepont is to be a teaching hospital - training, healing and discipling people from all round the world. Students come for up to one year of training and equipping, with some then returning to their own nations and churches, whilst others find that the Lord is moving them into a new season in another place or country.

Hilary, from the UK, came on NETS last year. She comes in most weeks as a Prayer Minister and is now a new member of the teaching team. This is her testimony as she finished NETS.

"When God intervened in my plans for 2015 and showed me that He wanted me to sign up for NETS Stages 3 and 4, I was excited, and I have not been disappointed. Both Stages have been stimulating and fulfilling and I have experienced God highlighting many issues in my life that have needed healing and adjustment.

God has ministered powerfully into generational issues in my life and I have increased in liberty and confidence as a result. It has been wonderful to be part of a united and supportive team, and our two overseas missions have been fun, fruitful and confidence building. The whole experience has been life changing and extremely positive and I would strongly recommend anyone considering NETS to take the plunge and be hugely blessed."

M. - Jerusalem, Israel. *"NETS has had, and is having, such a huge effect in my life and it seemed like every stage was tailor made for me. In my current job as a tour operator in Israel, I am bringing Christians from all over the world and from all different denominations & backgrounds to Israel. At NETS I received all the tools, but also the sensitivity I am now applying every day; to open people up for God's love and healing; To find out who you are in Him; not only to learn, but to really live it out; And even to teach it, despite the fact before I feared speaking in public. Allow yourself the biggest present: NETS!"*

Galvan and his wife Esther came on NETS in 2014. They are now involved in establishing Ellet Kenya, under the covering of Ellet Africa.

"The greatest benefit from NETS was our own healing and restoration journey. By the end of NETS Stage 2 we both had experienced great transformation, thanks to all the anointed teaching, prayer ministers and love from the team. Recently our sons commented that our relationship with each other and with them has really changed for the better since our time in NETS. Our personal relationship with God has evidently changed and grown owing to the new understanding of our Father's love which brings security and ease.

The principles we learnt during NETS have been very helpful in our prayers: knowing what and how to pray with authority; dependence on the Holy Spirit versus self in all areas of our lives; understanding godly covering and submission; and in ministering without carrying false or ungodly responsibility.

We now regularly meet those in Kenya who understand the vision of Ellet, and have begun to teach some short courses. We thank God for helping us teach the lessons with such ease and harmony as we flow in the Spirit. The testimonies shared evidenced the working of the Holy Spirit in peoples' lives as we ministered." ■

I am not CREATIVE!

THIS USED TO BE MY FIRMLY HELD BELIEF ABOUT MYSELF!

One day we were helping a lady with a background of severe childhood cruelty and abuse. Sarah came in brokenness and despair. She wanted to die and was on the highest possible dosage of psychiatric drugs. She came to Ellel in a last ditch effort to receive healing before having to have electric shock treatment under an enforcement order.

Gradually, Sarah held on to precious words from Scripture that she was fearfully and wonderfully made (Psalm 139) by a loving Creator God. Great steps were made on her healing journey through forgiveness, healing of traumatic memories, understanding her own sin and differentiating between this and other's sins against her. Light and truth began to permeate the darkness giving her hope of new life.

At first, she was incredibly compliant and passive as we ministered to her. But, one day, Sarah suddenly banged her hand down on the table and shouted "I am NOT a ministry machine!" Shock waves came over the team. What had we done? How had we upset her so much? Silent arrow prayers went up to God. His answer came swiftly, "She needs relationship!"

Thrust into thinking on our feet, we began to let ideas flow of how we could just 'be' and 'play' and have some 'fun' together. Someone had left a bag of old barnacled scallop shells at the centre. They were shiny on the inside but ugly on the outside and with glitter, nail varnish, paint pots, glue and sequins - we began splodging the shells to make

them bright and colourful. The more we played, the more we got into it - designer shells no less! But then we saw Sarah's face - a mixture of incredulous anger, fear and emptiness. "If you think you are doing this for my benefit, then forget it," she exploded. "Sarah, it's fun, join in, choose a colour, come on, we're enjoying ourselves." It was then we realised that Sarah had never played in her life. She had no framework for the words 'fun' or 'play', since her life had been spent surviving, living off her wits.

The Lord Jesus, the very best psychiatrist, knew Sarah intimately and He was longing to help her get to know herself - the beautiful pearl that was hidden inside. Gradually, Sarah's human spirit began to respond to the truth that life was to be lived and to be lived abundantly. There was no right or wrong in painting a few old shells. It was all about the pure relaxation and joy of colour and life.

Those outwardly ugly shells were transformed into an array of colour. Our time in hours of emotional pain gave way to something incredibly healing, the promise of Isaiah 61:3, that he would give us beauty for ashes, was being fulfilled. Sarah reached for the paints and gently began her most important healing journey. She was allowing herself to be who she really was, not an outward performance of truth or perfectionism but an inward expression of beauty which came from her own humanity.

The effect was life transforming. We watched as Sarah the butterfly emerged from her chrysalis and began to fly, without any longer the need for psychiatric drugs or having a desire for death. From the dirty and barnacled shells came the vision for much more. Sarah herself found creative gifts and talents within herself that she had never known were there. Yet, healing through creativity goes beyond finding talents and gifts, it is a connection to ourselves, to the truth and light of God our maker, which dislodges faulty beliefs and mind sets and brings life itself.

The vision grew into Healing Through Creativity courses, during which Ellel Grange was transformed into an explosion of "home" - a place where Mum could be found at the sewing machine and Dad in the woodwork shed with brothers, sisters and family. Healing Through Creativity became a journey of exploration, adventure, having a go, playing, experimenting and making a mess!

There is no right or wrong and plenty of safety to fail. Incredibly, we have found that the 'messy room' is the most popular! Big sheets of paper, ►►

large pots of colourful paint, paint brushes and lots of space was all that was necessary. Testimony after testimony came as people touched into the reality of how they see life, themselves, others and God and then comes the emotion - anger, frustration, hatred, outbursts of rage, overwhelm, grief, loss, tears.

As the very best Father, He knows how to reach His children. The fact is we are all creative! We are made in His image!

The Holy Spirit draws so near in the midst of the mess, followed by deep connections to Him, the Comforter and Healer of our wounds. The testimonies speak of great release and joy. The healing principles which we discovered on Healing Through Creativity have been applied across the world at all our centres. God's principles for healing apply to the whole of the human race. As the very best Father, He knows how to reach His children. The fact is we are all creative! We are made in His image!

Sarah came suicidal, clothed in despair and darkness. From a psychiatric diagnosis which only offered a lifetime on a disability allowance and dependence on drugs, she found the healer of broken hearts in the Lord Jesus. He knew what

she needed and she found her true identity and personhood. Satan sought to rob and to steal - but Father God sought her, found her and healed her. She no longer had any need for medication and having given up her disability pension, Sarah now lives life to the full with her husband and family.

For myself, it was through sitting at a potter's wheel, terrified of the clay flying off, that I stumbled across my own hidden fear of failure. Since that healing moment, a desire to paint rose up within me and I now have a new lease of creative life, painting! My view of being creative has widened beyond anything I could have imagined. I am totally amazed at how God uses this to bring such deep healing.

Sarah's story is available now from Sovereign World in her book simply called "Sarah". Fiona's book "Made in His Image", subtitled Healing Through Creativity will hopefully be out later this year! 🌸

30 YEARS OF MINISTRY

If you'd told the first team at Ellel Grange in October 1986 that the ministry would grow all around the world and reach thousands of people they would have probably either laughed in your face or run away! However, as we approach the 30th anniversary of Ellel Ministries this October we can see that the life God breathed into this precious work of His has spread to over 30 countries and has brought new life to many who were in need.

We look back with great thanksgiving to God for His amazing faithfulness, protection, guidance and provision. He has used a very ordinary group of people and we are so grateful for the privilege of seeing His mighty hand at work. We are also incredibly thankful for the thousands who have stood with us, prayed, served and given financially over the years - each one has played a vital part. We know God has much more on His heart for this ministry and we look forward with great anticipation to all that lies ahead of us. Please keep those prayers going!

AMAZING PROVISION

It is probably fair to say that God never calls us to something that does not require us to have a level of faith in Him to bring that calling into reality. When it comes to the finances for Ellel Ministries there has always been a need for faith! God has called us to give away personal

ministry on our Healing Retreats and ministry appointments but to charge for our courses and schools. This income we earn covers about half of the costs of running the ministry leaving an interesting 'faith gap'. We are rejoicing though at God's provision for Ellel in the UK and Ireland. Through the faithful giving of His people He is taking care of the day-to-day running costs of the work and has also provided for key projects such as the major electrical works that were needed for Ellel Scotland. He is truly faithful! Thank you to all who have given.

JOURNEY TO FREEDOM UPDATE ON NEW WEB-APP

Work continues on the development of what is widely seen as one of the most exciting and strategic projects embarked on by Ellel Ministries. Journey to Freedom will be a free web-app that offers a year's worth of teaching by Peter Horrobin focussed around personal transformation and we hope to launch the site in the summer. Since the New Year work has started on translating the teaching into Arabic and Bulgarian! CENTRAL AND EASTERN EUROPE

GOD'S HEALING IS THE ONLY HOPE

They look like us, they sound like us, they dress like us, they have the same hopes and dreams - but across Central and Eastern Europe there are hundreds of millions of people who bear a burden from their past that we in the West can scarcely appreciate. It's the terrible legacy of the false religion known as communism, which destroyed lives for three generations.

The Prophet Isaiah speaks passionately about this spiritual situation and about what is happening right now: "They will rebuild the ancient ruins and restore the places long devastated; they will renew the ruined cities that have been devastated for generations. Aliens will shepherd your flocks; foreigners will work your fields and vineyards. And you will be called priests of the LORD, you will be named ministers of our God..." (Isaiah 61:4-6a, NIV)

Ellel has been active here since 1992 - first in Hungary and Central Europe and then spreading throughout the whole of the former communist world, from the Baltic to the Balkans and right across the Russian Federation, to beyond Siberia as far as Vladivostok. Everywhere we go, we see the "ruins and devastation" of communism.

The physical ruins and poverty are a little better after 25 years. The spiritual devastation is still very apparent, and the enemy's spiritual strongholds are still there, but we see God's love and power at work

as people are released and healed in miraculous ways. So, we run Healing Retreats and we serve local churches by training their ministry teams through schools and courses.

Some of us are the "aliens and foreigners" who serve the local "priests of the LORD". Right now there are ministry schools in Hungary, Croatia, Serbia, Romania, Latvia, Ukraine, and across Russia. We are also active (or have been) in Mongolia, Bulgaria, Slovakia, Estonia, Czech Republic and Poland. This work across the CEE Region is administered through four "centres" - Ellel Hungary, Ellel Romania, Ellel Russian Language, and the Development Centre, but only Ellel Hungary has an actual building.

"And you will be called priests
of the LORD, you will be named
ministers of our God..."

The tragic events in Ukraine over the last two years, all based on lies, have had a devastating effect. Sadly, most Russian Christians believe the propaganda and no longer have fellowship with Ukrainian Christians even in the same denomination. In Ukraine our associate ministry team members in the east have seen their churches destroyed and pastors "disappear".

Our few full time Ukrainian team members struggle to survive on minute incomes amidst shortages and rocketing inflation - and yet they travel regularly even to Russia, through incredibly difficult conditions. Our Russian team members are working faithfully. Across the whole region, many thousands of people are receiving teaching and ministry which changes lives and brings glory to God. ■

If you have a desire to see Christians walk in healing and wholeness, then this course is for you. It is ideal for those who want to learn basic keys for helping Christians through prayer ministry. You will learn how to pray into the root causes of people's problems and not just the symptoms.

Over the first four weekends (one per month) you will discover the keys to healing that Ellel Ministries have encountered through many years of experience in seeing God heal hurting people. The teaching follows a logical order and during the series there will be question and answer sessions, demonstration ministry and times of group work, giving you a chance to practically apply the keys learnt.

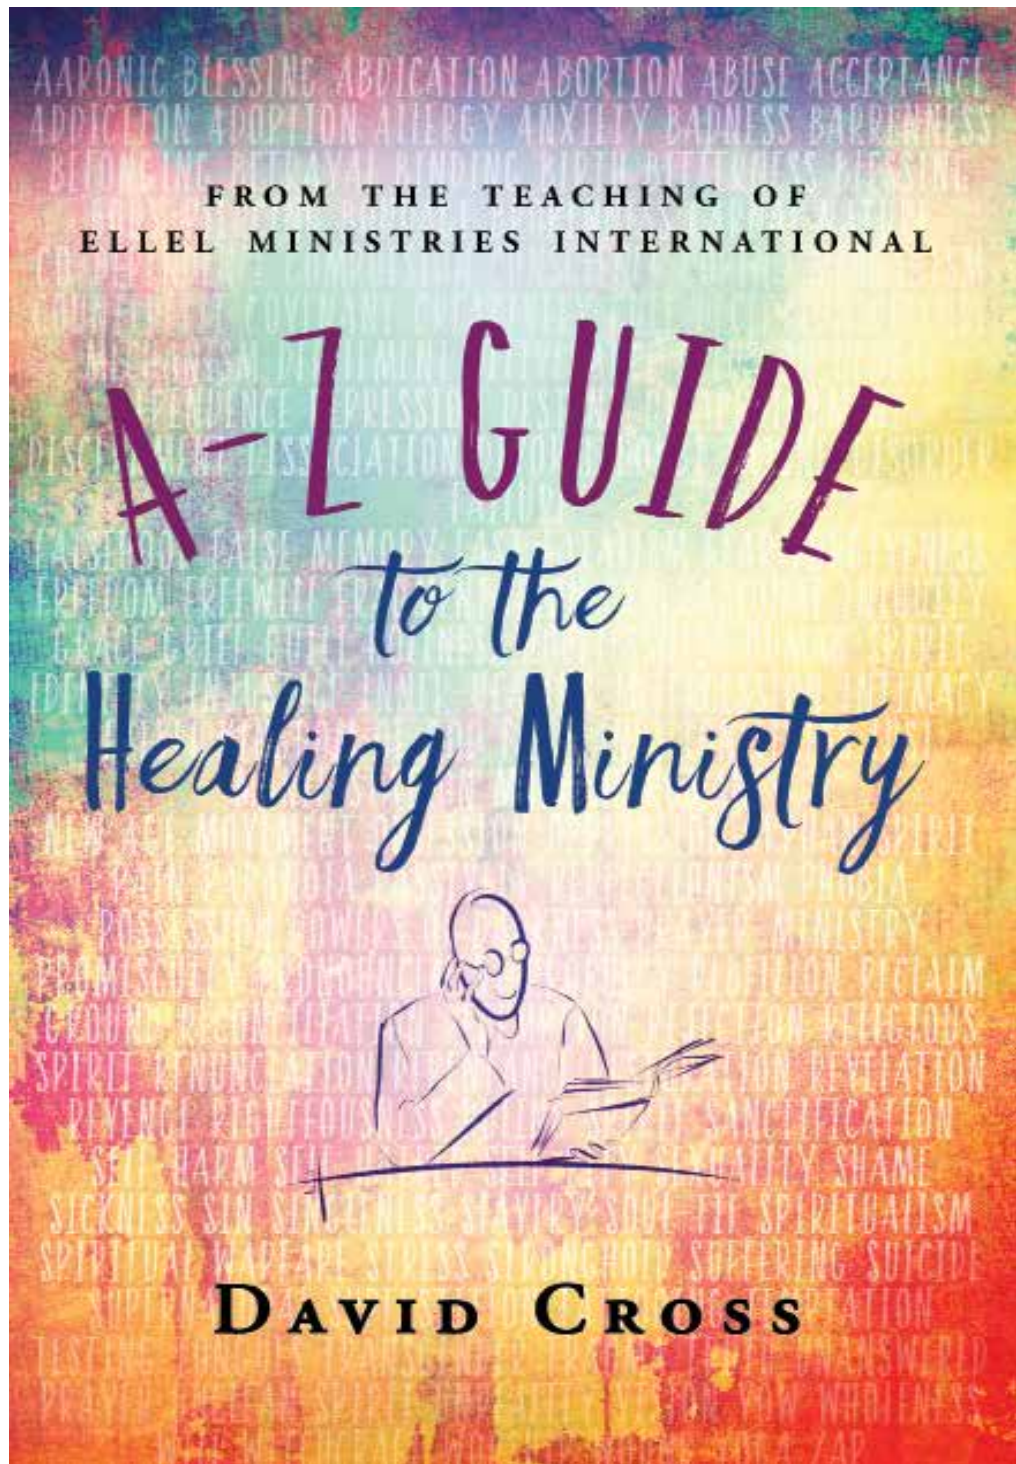

The 5th weekend is a 'Healing and Deliverance Workshop' in which you will be able to practically apply everything you have learnt under the direction of experienced prayer ministers. You will see God setting people free and bringing deep healing before your very eyes and using you as His instrument.

How many questions do you have about healing? Would you know where to find the answers in the Bible? Are you looking for help for yourself or a friend?

Your search for answers is over! In David Cross's *A - Z Guide to the Healing Ministry* you will find a clear explanation of almost every aspect of the healing and deliverance ministry. This is much more than a reference book for occasional use - Peter Horrobin describes it as *"a healing goldmine"*!

You will quickly get absorbed in David's remarkable book. He writes in a way that draws you in and leads you on and before you know it you've soaked up a wealth of truth.

In the *A - Z Guide to the Healing Ministry* you will discover solid biblical teaching drawn from David's twenty five years of front-line experience of putting the teaching into practice.

This book is an encyclopaedia of life-changing information. Every entry not only contains the information you might be looking for, but it also challenges the reader to apply the knowledge in their own life. It is only by applying the truth, in this way, as Jesus said in John 8:32, that the truth can indeed set you free.

With hundreds of definitions and inspirational commentaries, David condenses the

fundamental foundations of the healing and deliverance ministry of Jesus into highly readable sections, providing you with a mini-library of dynamic teaching. This invaluable reference book will empower and further your understanding of the healing and deliverance ministry and provide personal keys to help you in your own Christian walk.

"Far from feeling that you are jumping from one thing to another, governed by the alphabetical sequence, you will find, as I did, an amazingly inter-connected, multi-layered presentation of truth. The lay-out of the book forces you to make the connections yourself, and invites you to thoughtfully and eagerly cross-reference, between this truth and that one, between this explanation and your experience, between their need and that provision, between that prayer and this answer, between that sickness and this healing, between that bondage and this deliverance"

Glyndley Manor is a 21 bed country house located in beautiful countryside in East Sussex. It was the second centre to join the Ellel family, set in 17 acres of woodlands with beautiful gardens, a lake, various farm animals and 34 holiday cottages.

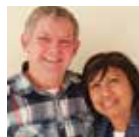

Glyndley Manor is a wonderful centre to come and enjoy one of many courses and retreats to receive God's love and His restoration.

Restoration weeks are run throughout the year giving people the time and space to allow God to meet with them personally, and through the Modular School people feel nurtured, loved and

equipped as they journey together with fellow students, allowing God to bring healing and restoration in their lives.

Many families come throughout the year to enjoy a holiday in the beautiful holiday cottages that are on site, giving them a well-earned rest and many even combine their holiday with a course at the same time.

Glyndley Manor is small enough to feel that you are home away from home but big enough to enjoy the privacy needed for a healing journey with Jesus. Come and see for yourself, enjoy being served while the team welcome you into the wider family.

ELLEL PIERREPONT

Ellel Ministries
Pierrepont, UK

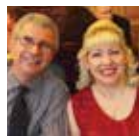

The vision for Pierrepont is to reach the nations with Christ's message of healing and freedom as well as training and equipping others to do the same. It is the home of Ellel's long-term international ministry training programme known as NETS (the Luke Nine Eleven Training School).

For many, NETS also means Never Ever the Same! Pierrepont is the largest of the Ellel centres with a big team of young people from all over the world.

Our stunning 35-acre estate is deep in the Surrey countryside, complete with a beautiful river walk, tennis courts and an outdoor swimming pool. It

provides the perfect atmosphere for you to get away from the 'busy-ness' of life, and to meet with God as you enjoy His creation. Pierrepont also offers a variety of accommodation for more than 100 guests, ranging from single en-suite rooms to shared dormitory accommodation. Pierrepont has a large library and a well-stocked Christian bookshop. It is located about an hour south of London and is less than an hour's drive from both Heathrow and Gatwick airports.

Every year, thousands of Christians attend our events and many testify to having been significantly impacted by the teaching and ministry in a real, life changing way.

*You can stay for as long as you want between these dates.

There have been many prophetic words spoken over Ireland. They resonate with a personal picture God gave to Jim, confirming that it was God's heart to bring revival in the land but the delay seemed to be that God was looking for a people, becoming healed from the past, in whom He could anchor what He wants to do in Ireland in the future.

We believe that Ellel Ministries has been called to Ireland for this purpose, holding up a scriptural plumb line and with a mandate to bring healing to broken hearts and to set captives free, calling the church back to a new trust in the Word of God.
