

EXPLORE A SCHOOL 2022

In 2022 the Explore A School will be offered as an on-base school and also as an online school via Zoom. You choose which group suits you best. We ask that you stay within the group you choose for the entire school, but for the third weekend - God's Master Key: Exploring the Power of Forgiveness and the final workshop, we will be joining together on-base. For more information and possible questions you may have, regarding the two group options, please see overleaf.

A STEP-BY-STEP JOURNEY OF TRANSFORMATION AND EQUIPPING

EXPLORE A SCHOOL 2022

- **Can I swap between the two student groups? If I register to do Explore A online, can I still attend the occasional weekend on-site and vice versa?**

We would prefer that you stay within your student group so that you get to know individuals better and are able to build relationships within your cohort which is great for group times, and for the final workshop. It may be possible to swap for a particular weekend under extenuating circumstances. If number restrictions apply to individuals coming on-site, i.e. due to covid regulations, then priority attendance will be given to those registered in the on-site student group.

- **If I register online, will I ever come on-site?**

We ask that all students (both online and on-site) attend the third weekend on-site. The weekend will be extended to include the Sunday morning where some foundational ministry training will be offered. As well as the additional training it will give students from both groups an opportunity to meet each other. All students will be required to attend on-site, at Ellel Sydney, for the final workshop.

- **What if I can't make the 3rd weekend on-site?**

The Explore Course teaching will still be live streamed and so can still be accessed from home, but the ministry training will not.

- **What if I can't make some of the dates of the teaching weekends?**

Students will be required to complete 7 of the 9 weekends in order to qualify to participate in the final workshop on weekend 10. For weekends that are missed, students are requested to purchase the teaching and listen to it so as not to miss out on vital keys in the discipleship training process. If a student cannot make 7 of the 9, they may be asked to carry the units over to the following year in order to complete the School.

- **If I am doing Explore Online will I still need to attend the final workshop on-site?**

The Explore A workshop will be run on-site only and all students are expected to attend in order to complete the School and receive their final certificate.
